

Safeguarding and Welfare Requirement: Equal Opportunities

Providers must have and implement a policy, and procedures, to promote equality of opportunity for children in their care, including support for children with special educational needs or disabilities.

9.2 Supporting children with special educational needs

Policy statement

We provide an environment in which all children with special educational needs (SEN) are supported to reach their full potential.

- We have regard for the Special Educational Needs and Disability Code of Practice (2014).
- We ensure our provision is inclusive to all children with special educational needs.
- We support parents and children with special educational needs.
- We identify the specific needs of children with special educational needs at the earliest opportunity and meet those needs through a range of SEN strategies.
- We work in partnership with parents and other agencies in meeting individual children's needs.
- We monitor and review our policy, practice and provision and, if necessary, make adjustments.

Procedures

- We designate a member of staff to be the Special Educational Needs Co-ordinator (SENCO) and give her name to parents. Our SENCO is:
Diane Overland

- The SENCO works closely with the manager and other colleagues and has responsibility for the day-to-day operation of Supporting Children with Special Educational Needs Policy and for co-ordinating provision for children with SEN.
- We ensure that the provision for children with special educational needs is the responsibility of all members of the setting.
- We ensure that our inclusive admissions practice ensures equality of access and opportunity.
- We use the graduated approach system for identifying, assessing and responding to children's special educational needs.
- We work closely with the parents of children with special educational needs to create and maintain a positive partnership.
- We ensure that parents are informed at all stages of the assessment, planning, provision and review of their children's education.
- We provide parents with information on sources of independent advice and support.
- We liaise with other professionals involved with children with special educational needs and their families, including in connection with transfer arrangements to other settings and schools.
- We provide a broad, balanced and differentiated curriculum for all children with special educational needs.
- We use a system of planning, implementing, monitoring, evaluating and reviewing action plans for children with special educational needs.
- We ensure that children with special educational needs are appropriately involved in the graduated approach, taking into account their levels of ability.
- We have systems in place for supporting children based on a continuous cycle of 'assess, plan, do and review', which is applied in increasing detail and frequency to ensure that children progress.
